EDUCATION

Dayananda Sagar Academy of Technology and Management (DSATM) **2022 – 2026**
Bachelor of Engineering in Information Science and Engineering (ISE) - ***CGPA: 8.2*** *Bangalore, India*

Narayana PU College **2021 – 2022**
Karnataka Board - 12th - **80.86%** *Bangalore, India*

Jawahar Navodaya Vidyalaya (JNV) **2019 – 2020**
CBSE Board - 10th - **85.87%** *Dharwad, India*

SKILLS

Programming: Java, JavaScript, HTML, CSS, SQL
Developer Tools: VS Code, Eclipse, Jupyter Notebook
Databases/Frameworks: GitHub, MongoDB, Spring Boot
Operating Systems: Windows, Ubuntu
Core Concepts: Data Structures & Algorithms, Database Management, Machine Learning Basics, OOP Concepts

PROJECTS

Chess Game (Web-Based) | JavaScript, Java, Chess.js, HTML, Tailwind CSS
- Developed a fullstack web-based chess game with real-time multiplayer functionality.
- Integrated AI opponent mode and in-game chat with move history tracking.
- Focused on game logic, UI design, and interactive user experience.

Frontend Projects – Portfolio, Calculator, Snake Game | HTML, CSS, JavaScript
- Built multiple responsive projects including portfolio, calculator, and snake game.
- Designed user-friendly interfaces with responsiveness across screen sizes.
- Implemented interactive game logic and event-driven functionality.

Online Library Management System | DBMS, SQL
- Developed database-driven application supporting CRUD operations on books and users.
- Implemented ACID properties ensuring reliable transactions and data integrity.
- Designed features for searching, issuing, and updating book availability.

Student Exam Performance Prediction | Python, Pandas, Scikit-learn
- Built ML models to predict exam scores and categorize performance levels.
- Performed exploratory data analysis to identify study patterns.
- Visualized insights using Python libraries for better interpretability.

INTERNSHIP

Frontend Development Virtual Internship – Edunt (IBM Certified) **Aug 2025 – Oct 2025**
Frontend Developer Intern *Virtual*

- Completed a 3-month internship focused on frontend web development.
- Built responsive web applications using modern frontend libraries.
- Earned certification from Edunt in collaboration with IBM.

Salesforce Virtual Internship – Tata Consultancy Services (TCS) **Aug 2025 – Oct 2025**
Salesforce Developer Intern *Virtual*

- Completed a 78-day internship on Salesforce development and administration.
- Practiced Salesforce concepts through Trailhead modules and mentor sessions.
- Applied Salesforce features to real-world business scenarios in assignments.

EXTRACURRICULAR

Game-a-thon Event **July 2024**
Team Participant *Bangalore, India*
- – Developed a shooting simulation game where random players appear and must be targeted.
- – Used a gaming engine with guidance from YouTube and ChatGPT.
- – Collaborated in a team of 4 to design gameplay stages and mechanics.

CERTIFICATIONS

- DSA - Udemy
- Automated Machine Learning - Udemy
- DevOps and GitHub - Udemy
- Frontend Development - IBM
- Cloud Data Basics

SUMMARY

I am a passionate and motivated student with strong communication skills in English, Hindi, and Kannada. I enjoy team management, collaboration, and working effectively in group settings. Beyond academics, my hobbies include pencil art and drawing, which help me stay creative and detail-oriented.
